THE VERDENDORPS: By Basil Verdendorp. Chas. H. Mertig, Chicago.

In spite of the author's assurance that this history concerns the family of the imaginary Verdendorps only, the reader will inevitably connect the Vanderbilt will case with the novel as its motive and cue. At any rate, the verisimilitude is striking enough to warrant such construction. With materials so dramatic at hand, the author could not produce other than a most exciting book. So well has he executed his purpose that the romance of crime loses in attraction but gains largely in its quality of warning.
